

Sleep well – live better

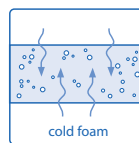

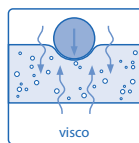

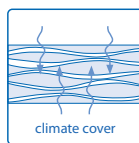

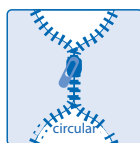

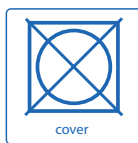

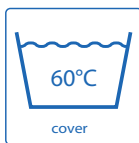

ergovital[®]
MADE IN GERMANY

babyvital[®]

3 different babymatresses with high-quality double cloth

- Scientifically tested by Ergocheck
- Innovative cold- and viscofoam, free of fillings
- All used materials are certified and non-toxic
- Well suitable for allergic persons
- Recreative Sleep
- Cloth huddles against skin because of high shares of fibre
- Because of the high durability you can wash the cover very often
- Very attractive cover with decorative small bears

babypur

data:

- Height of core 7 cm, total height 8 cm
- Plain core with open cell structure
- Density 35/30 kg/m³
- Ökotex Standard 100
- Productclass 1 - Babynorm
- Plain, unquilted

babycomfort

data:

- Height of core 7 cm, total height 9 cm
- Babymattress with very high lying comfort
- Pointelastic by high-quality coldfoam 35/34 kg/m³ and especially comb-structure
- High-quality, breathable cold foam with open cell-structure and comb pattern for perfect ventilation and breathability
- High air circulation because of comb-core, reduces CO₂-rebreathing and overheating
- Very stable step edges (26/65 kg/m³)
- Quilted on both sides with polyester fibre

babyvital®

data:

- High-quality coldfoam-mattress with visco topper - total height 11 cm
- 8 cm supporting cold foam (40/31 kg/m³)
- 2 cm thermoelastic pressure relieving viscofoam (50 kg/m³)
- Highest sleep comfort by pressure relieving properties and therefore support of blood circulation
- Intelligent foam which adapts to body warmth
- 2-sides-system - mattress can be turned over and has a harder side when mattress is used as crib
- 2-Seiten-System - Matratze kann gewendet werden, hat dadurch härtere Seite wenn die Matratze als Kinderbett verwendet wird
- One side quilted, one side unquilted with breathable climate border
