

# vitalpur<sup>®</sup> medical mattress

medical viscofoam mattress with coldfoam base and PU cover

ergovital<sup>®</sup>

Sleep well – live better

## core:

- Total height: 20 cm (11 cm coldfoam, 9 cm viscofoam)
- Smooth supporting high-quality cold foam, density 55 kg/m<sup>3</sup>
- Pressure-relieving viscofoam, density 55 kg/m<sup>3</sup>
- Excellent elastic and memory properties in position changes
- Low susceptibility to mite infestation
- Excellent air permeance through its open-pore character
- Perfect adjustment to body contours and sprung slats
- Strong relief for pressure-sensitive areas of the body
- Excellent point elasticity
- Breathable
- Ideal for allergic persons
- Noise-free
- Long life span

## cover:

- PU-coated for medical uses
- Bielastic, highly tear-resistant
- Removable thanks to zip-fastener
- Resistant to oil, disinfectants, blood and urine
- Virus and bacteria proof
- Wipable, machin-washable at up to 95°C, steam-sterilizable at 115°C, dry cleaning proof and tumbler proof
- All materials are certified and non-toxic
- 100 of 100 possible point in LGA-test of working stress
- **also available:** coldfoam density 43 kg/m<sup>3</sup> and viscofoam density 65 kg/m<sup>3</sup> according to BS5852 Part II
