Sleep well – live better

vitalwell®

point-by-point relieving viscofoam mattress
with wave contour and ventilation

ergovital®

MADE IN GERMANY

core:

- innovative wave contour for ergonomic body support
- 5-10 cm supporting high quality cold foam, density 55 kg/m³
- 5-10 cm pressure relieving viscofoam, density 50 kg/m³
- stimulation of blood circulation by pressure relieving characteristics of viscofoam
- intelligent foam which adapts to body warmth
- irregular open and thereby breathable cell structure

cover:

- 4-sides zipper
- removable and washable up to 60 °C
- high quality, climate regulating and skinfriendly Coolmax® cover, which is moisture regulating and breathable
- maximum circulating of air in summer and winter by optimal moisture regulation
